Important Information & Legal Disclaimer

TurnoverMate Property Turnover Pack is provided as a general organizational, record-keeping, and educational tool for property owners and managers. It is not legal, safety, building-code, engineering, construction, electrical, plumbing, environmental, financial, or other professional real estate advice.

Requirements for rental properties, habitability standards, safety ordinances, and lease regulations vary significantly by location and may change over time. Users are solely responsible for determining and complying with all applicable local, regional, state, provincial, and federal laws, regulations, codes, tenancy requirements, safety requirements, inspection requirements, disclosure protocols, and permits before a new tenancy begins.

The checklist may not include every task, condition, repair, inspection, or requirement applicable to a particular property. Completing this checklist does not guarantee that a property meets legal, safety, habitability, or other applicable industry standards.

TurnoverMate does not inspect properties, verify contractor work, or guarantee the accuracy, completeness, or suitability of the checklist for any particular property or jurisdiction. Property owners and managers remain entirely responsible for their own business decisions, any resulting legal disputes, financial losses, or property damages, and for obtaining qualified professional or legal advice when appropriate.

Use this checklist strictly as a practical organizational aid—not as a substitute for professional or legal advice.
